2

**Joint controller is a functional concept**

---

---

---

---

---

---

---

---

3

**Imagine that for the joint purposes, you are one controller**

---

---

---

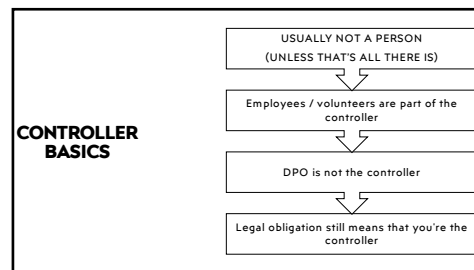

---

---

---

---

**2013 Enforcement notice on Leicestershire Police**, members of East Midlands Collaboration Unit (5 police forces working together)

- 14/8/2010: burglary at building used by EMCU
- 8 laptop computers belonging to seconded officers

• "The Commissioner understands that the data controller did not carry out a risk assessment before they joined EMCU, simply relying on the security measures taken by Nottinghamshire Police"
